2. **Public Swim Sessions** – There will be two public swim sessions, weather permitting, each day of our swim season. These public swim sessions will be three hours long, with a break between each session for our staff to do a thorough cleaning of the facility in between groups.

As our maximum capacity is expected to be reduced from our "normal" number of people on the pool deck, everyone will be required to reserve a spot in the public swim session using our online registration system at www.simsburyrec.com. 2021 Season Pass holders will be able to reserve their space beginning at 8am (EST) the day before the public session takes place. Season Pass holders will have exclusive access for 24 hours to reserve their space (while available) and at 8am (EST) day of, reservations will then open to non-season pass holders for any remaining spots in the public swim sessions for that day. We will be holding a limited number of spots for each swim session, to be made available at 8am on the day of the swim session. These spots will be available on a first come, first served basis to pass holders and non-season pass holders.

The daily admission price is \$7 for residents and \$9 for non-residents at Simsbury Farms Pool. Memorial pool daily admission will be \$3.50 for residents and \$4.50 for non-residents. Fees will be collected during the online reservation process.
